Searching for a chance to write about various topics and get paid? We are looking to expand our team to include experienced copywriters who can add value to our website with exciting and informative content. You will be a part of a quickly flourishing company with an abundance of growth opportunities for its employees. We offer a fun work environment and a supportive, cohesive team.

#### Primary Responsibilities:

- Create 2,000 to 3,000 words of keyword-rich content daily
- Collaborate with account managers to develop content that best reflects needs and goals of clients
- Collaborate with SEO team members to create a plan for enhancing written content
- Follow style guidelines to ensure consistency across websites
- Creating brand awareness (commenting on blogs, forums, etc.)
- Assist with QA/editing tasks as assigned by editor

#### Job Requirements

- Bachelor's degree preferred
- One year or more of experience writing for the web
- Ability to create written content about a wide array of topics
- Experience leveraging keyword density standards to write copy
- Proven ability to follow style guidelines consistently
- Extreme attention to detail
- Basic knowledge of SEO writing and keyword search
