Опис вакансії

CoreValue, a fast-growing IT-outsourcing company based in Ukraine, is looking for a **Senior DB/BI Engineer (with Spotfire experience)**.

Responsibilities:

- The main idea of the project is to combine the information gathered from different resources, use it to get hidden data and sell it to the client;
- Except knowledge in Spotfire candidate should have a good knowledge in DB and Mathematics. In this part of project Data will be grabbed from different DB and aggregated to a huge Spotfire report which is very complicated.

Project description:

The customer is a rapidly growing team of innovators, engineers, and industry experts helping life sciences manufacturers leverage channel data to optimize product commercialization. Company services provide our customers unmatched visibility to product distribution and demand, helping their commercial teams proactively address critical risks throughout the patient journey and product life cycle. We are the trusted partner for 13 of the top-15 life science companies and more than 50 other suppliers.

We offer:

- Legal and accounting services
- Paid business trips in Ukraine and abroad
- Annual salary review
- Relocation package
- Bicycle parking undercover, car parking
- Bonus for the recommendation of candidates
- Presents for Life events (marriage, birth of a child)
- Shower in the office
- Beauty and massage room on-site
- Board games club
- Table tennis in the office
